Profile

Certified Front-End JavaScript Developer with expertise in designing and developing high-quality, modern web content. Skilled in both front-end and back-end technologies, offering full-stack capabilities.

Work Experience

05/2022 – 06/2024

STEELPRO, Kreševo

Software Developer

Developed SteelPro's internal software for managing project expenses, including labor, materials, and profits. Built with PHP, HTML, CSS, and Bootstrap, it features a user-friendly interface for efficient financial tracking.

05/2023 – 06/2024

LINK.hub, Sarajevo

Web Developer

As a **Frontend Developer Intern**, I built dynamic web applications using React, SASS, and Axios, collaborating in a Scrum team to deliver high-quality features on time.

As a **Backend Developer**, I designed and implemented APIs with Express and MongoDB, ensuring seamless data flow and optimizing performance for scalable solutions.

Education

01/2023 – 12/2023

ITAcademy, Sarajevo

Frontend JavaScript Developer

During this year-long program, I gained comprehensive skills in front-end development using React, SASS, Tailwind CSS, and handling HTTP requests. Additionally, I developed expertise in back-end technologies, including Node.js and Express.js.

01/2020 – 04/2023

Zid, Kreševo

Computer Technician

I developed a strong foundation in the C programming language, enhancing my problem-solving and logical thinking skills. Additionally, I gained hands-on experience in building dynamic web applications using HTML, CSS, and JavaScript, focusing on creating responsive and user-friendly designs.
